DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-17 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

1. The phrase "of high purity" is indefinite. How high? There is no way of know exactly what this requires.
2. The phrase "conforming to pharmacopoeial specifications" is unclear. What, specifically does this refer to.
3. What does "ketonic solvent" mean? This could mean a) ketone or b) any solvent with a keto groups, e/g/ esters.
4. Claim 6 is incalculable. It has a ratio of volume to weight. These are different units. If the volume is in ccs, is the weight in pounds? Tons? Ozs?
5. Preferably in claims 14-15 and is indefinite. A broad range or limitation together with a narrow range or limitation that falls within the broad range or limitation (in the same claim) is considered indefinite, since the resulting claim does not clearly set forth the metes and bounds of the patent protection desired. See MPEP § 2173.05(c). Note the explanation given by the Board of Patent Appeals and Interferences in *Ex parte Wu*, 10 USPQ2d 2031, 2033 (Bd. Pat. App. & Inter. 1989), as to where broad language is followed by "such as" and then narrow language. The Board stated that this can render a claim indefinite by raising a question or doubt as to whether the feature introduced by

Art Unit: 1624

such language is (a) merely exemplary of the remainder of the claim, and therefore not required, or (b) a required feature of the claims. Note also, for example, the decisions of *Ex parte Steigewald*, 131 USPQ 74 (Bd. App. 1961); *Ex parte Hall*, 83 USPQ 38 (Bd. App. 1948); and *Ex parte Hasche*, 86 USPQ 481 (Bd. App. 1949).

6. Claim 13 is unclear. A ratio of what to what?
7. Claim 16 must specify its dependency.
